Date: 28th July 2009
Subject: Discontinued Usage of the name "Towlers Bay"

Please be advised that Pittwater Council in conjunction with the Geographical Names Board of NSW are endeavouring to avoid the community confusion between the names "Towlers Bay" & "Morning Bay".

In 1984 the Geographical Names Board of NSW officially discontinued the usage of the name "Towlers Bay" to primarily avoid confusion with the name "Taylors Point". Despite this, the name has managed to persist within the community & government organisations, including Pittwater Council itself.

To rectify these issues, Pittwater Council & the Geographical Names Board of NSW will soon be taking formal measures to further discontinue the usage of the name "Towlers Bay", in relation the suburb name & the bay.

To support these measures, it would be appreciated if community groups within Pittwater that still use the name "Towlers Bay", could replace any references to this name with "Morning Bay".

Regards,

Mark Turnbull
